NEW WESTMINSTER, SATURDAY, NOV. 18, 1885.

MONOPOLY OF ANOTHER KIND.

In our last issue we alluded to monopoly of mining ground. We have now to deal with the same evil in a different form. A communication before us, from the pen of a gentleman near Boston Bar, and signing himself "Castigator," draws attention to the monopoly proposed to be granted by the Government for the navigation of Kamloops and Shuswap Lakes, and also to the proposed route for the wagon road to Savanna Ferry. We content ourselves with making a brief extract or two from the communication, because much of it is wholly irrelevant to the subject in hand, and because we cannot afford more room just now. After condemning in general terms the principle of Government meddling with private enterprise, such as building mills, steamboats and the like, and denouncing the proposed exclusive right to navigate the above-mentioned lakes, our correspondent, in alluding to the latter, says: "The Government has ventured on making the unconstitutional proposal of granting to a single person or company the exclusive right to the use of a large portion of the Queen's highway to the Big Bend. A very modest proposition truly! Is there any one so simple in British Columbia as to suppose that such a delicious plum will fall into other than the mouth of some Government pet? Let them show a fair field, but no favor." With the sentiment of the above extract, we to a great extent agree. Of course, there is nothing either "unconstitutional" or unusual in granting the exclusive right to navigate any particular inland water, any more than there is in granting the exclusive right, for a ferry or a toll bridge, or the like, a thing which is done everywhere and in which precisely the same principle is involved. And yet, notwithstanding all that, we look with much disfavor upon the proposed monopoly upon those inland lakes. If there were no other means of having a steamer placed upon those waters we would be ready to admit the necessity of the step. But we have reason to believe that there are those who are ready and willing to place a steamer upon Kamloops and Shuswap lakes in time for the early spring without any exclusive rights, whatever, asking nothing more than a reasonable subsidy for two years' mail service, such subsidy to be paid in advance in order to enable the party to carry on the enterprise, of course, upon good and sufficient bonds for the faithful carrying out of the contract. If we are correctly informed there is really no sufficient excuse for granting a monopoly in the matter, as the object can be attained on reasonable terms without it. Respecting the location of the wagon road to Savanna's Ferry, our correspondent says: "Permit me to call attention to wheels within wheels, as seen in the location of the new road to Kamloops Lake. Those who know the country will say the road ought to pass up on the east side of Thompson River, on the ground that the distance would be less, that much of it is a natural highway, and that the road could be carried on, if desirable, to the foot of Shuswap Lake, which is less liable to be frozen over than Kamloops. It is admitted that the cost would be considerably more, and that the road could not be made available so soon as if made by the other route; but it may well be doubted whether either the question of expense or public convenience has any weight with the powers that be compared with the fact that such a road would neither pass over Thompson River bridge nor by 'Ashcroft'!"

We shall reserve any remarks upon this part of the story until we know more respecting the merits of the case, as the implied charge is one of a serious character. Should it turn out that the location of the road in question has been unduly influenced by such considerations as are hinted at by "Castigator," we shall not spare any of the parties to such gross jobbery. Until we know more about it, however, we must decline to believe the Government capable of this making important public interests subservient to those of individuals.

PROSPECTUS

—OF THE—

Queen Charlotte Coal Mining Co. (Limited.)

Capital, £30,000, in 15,000 Shares of £2 each.

Incorporated under the British Columbia Joint Stock Companies' Act, of 1856, which specially limits each Shareholder's liability to the amount of his Shares.

DIRECTORS:

Thomas Trodden, Esq., Chairman.
Jas. Dickson, Esq., M. D., C. Houslow, Esq.,
Wm. P. Sayward, Esq., Jas. Moorhead, Esq.,
J. E. Timmerman, Esq., C. Voreydon, Esq.,
Wm. P. Sayward, Treasurer.
J. S. Willis, Secretary.

BANKERS:—Bank of British North America.
TEMPORARY OFFICES:—Columbia St., New Westminster, and Langley St., Victoria.

MINING SUPERINTENDENT:—Geo. Robinson, Esq.

THIS COMPANY HAS BEEN FORMED FOR THE purpose of developing and working several seams of Anthracite Coal, lately discovered in Queen Charlotte Island.

At present this is the only mine of pure Anthracite Coal known to exist on the Pacific Coast, and from the large and increasing quantity required and shipped to San Francisco and other ports, the discovery is one of great importance and value.

The Government has reserved twenty thousand acres, applied for by the Company, five thousand of which are secured (at present) by lease at the nominal rate of \$100 per annum, with the additional privilege of purchasing 1000 acres at \$1 per acre for a town site.

The Coal seams, from 3 to 7 feet in thickness, are situated on the south of Graham Island, Queen Charlotte Group, about 2000 yards from the shore of a fine bay, and about 400 feet above the level of the sea. The construction of an easy and inexpensive tramway, about one mile in length, together with a wharf of about 150 feet projection, are all the works the Company will require to enable them to work Coal in the market.

The quality of the Coal has been fairly tested. The engines of several of the steamers have pronounced it to be of the very best quality; it has also been used by the proprietors of the Foundries of the City of Victoria whose reports are annexed and declared by them to be equal if not superior to the best Pennsylvania Anthracite Coal.

The great advantage of the position of the mine cannot be brought too prominently to the notice of intending shareholders; its close proximity to the coast together with its superior quality renders it of great value, and an easy access for vessels of any tonnage, a safe and commodious harbor, perfectly sheltered and landlocked, with secure and good anchorage, will enable vessels at all seasons and weather to load at the Company's wharf.

There is a large demand for Anthracite Coal to supply the Foresters, Steamers, &c., in San Francisco, Portland, Victoria and other ports, all of which has to be shipped from the Eastern States or from Europe at a great expense, the selling price ranging according to quality, from \$10 to \$25 in some markets, in others higher; the trade to Panama and along the Pacific Coast will be considerable, an extensive trade will also be opened with China and Japan. The Naval Stations of England, U. S. of America, France and Russia must necessarily consume a large quantity.

Of the 15,000 shares forming the Capital Stock of the Company.
7500 are classed A (original shares), paid up to £1 and liable to additional call of £1..... £7,500 0 0
3000 are classed B to be issued at £2 per share..... 6,000 0 0
4500 classed C, (are reserved shares)..... £13,500 0 0

Or..... £27,000 0 0
ESTIMATE OF EXPENSES.
Tunnel..... \$2,000
Wharf..... 6,500
Purchase of Land..... 1,000
Tramway..... 14,000
Holling Stock..... 6,500
Contingencies..... 20,000
\$50,000 00

Leaving a balance above estimate of £17,500 00 expenses of.
The 3000 B Shares are now ready for issue, payable at 10s. each on application, and 10s. in 30 days, or at time of allotment.

The works of which the above are an estimate are in active operation, the Company having engaged and sent forward to the mine a number of skilled workmen, who are under the direction of Geo. Robinson, Esq., for many years Superintendent of the Nanaimo Coal Mines, and it is confidently hoped that by the month of April, 1886, the mine will be fully opened, and the Company prepared to supply coal at their wharf.

For reports see pamphlet Prospectus, to be had at the Company's office. oc25-1m

TENDERS WANTED!

THE UNDERSIGNED, being always willing to act with the times, is delighted to inform the inhabitants of New Westminster that he can supply his residents during the Winter with

PROSPECTUS OF THE

BRITISH COLUMBIA

COAL MINING COMPANY!

[LIMITED].

Incorporated under the Joint Stock Companies' Act, 1856, which limits the liability of each Shareholder to the amount of his Shares.

CAPITAL ----- \$100,000,

IN 2000 SHARES OF \$50 EACH, WITH POWER TO INCREASE.

100 A. SHARES have been issued as paid up shares to the promoters of the company, as the consideration paid them for their right to 600 acres of land, &c. The remaining 200 A. shares are reserved for the general benefit of the company. 700 B. shares to be issued to subscribers, subject to payment of \$2 per share at the time of subscription, and of calls of \$1 per share, per month, until \$15 in all shall have been paid, when the subscribers shall be entitled to certificates of fully paid up stock. The remaining 1000 C. shares are reserved for issue at par when the Coal Mine is sufficiently explored and proved.

DIRECTORS:

CAPTAIN JAMES COOPER, Chairman;
Hon. J. A. R. HOSKIN, M.L.C., W. CLARKSON, Esq.,
JOHN ROBINSON, Esq., GEORGE DITZ, Esq.,
SEWELL P. MOODY, Esq., JAMES VAN BRAMER, Esq.,
JOSIAS C. HUGHES, Esq., W. J. ARMSTRONG, Esq.,
JOHN PICKAVANT CHANDFORD, Esq.

AUDITOR:

THOMAS MCKINICK, Esq.

BANKERS:

THE BANK OF BRITISH COLUMBIA.

SECRETARY:

WILLIAM CLARKSON, Esq.

This company is organized for the purpose of exploring and mining for Coal, and boring for Coal Oil. The character of the sandstone at Burrard Inlet, its identity with the coal-bearing sandstone of Bellingham Bay and Nanaimo, and the numerous indications of Coal to be found at different places on the Inlet, and on English Bay, make it nearly certain that Coal measures similar to those of Bellingham Bay and Nanaimo will be found at a reasonable depth.

The company have secured a reserve of 600 acres on Coal Harbor, Burrard Inlet; also a right to mine on 600 acres on English Bay, giving to the company a coal field of 1200 acres in extent, and the British Columbia Government has pledged its support in every reasonable way.

It is the intention of the company to immediately put down a bore for Coal—the strong probability being that in less than 90 days the ground will have been prospected, and the company ready to sink a shaft and open a mine.

If the Coal croppings at English Bay or Burrard Inlet should be succeeded, as is usually the case, by thicker seams below, it must become an invaluable property. The position of English Bay and Burrard Inlet renders the harbors easy of access in all winds and seasons. The shore is bold, so that no long wharves or tramways would be needed; while the prices of Coal on the Pacific—averaging from two to three times the prices on the Atlantic—render the prosecution of Coal mining one of the most promising enterprises of the day.

The whole of the B. shares are now offered for subscription. The monthly calls on these will be adequate to meet the current expenses of prospecting; the subscribers to these shares incur a small risk, but they get a compensation—a \$50 share for the small sum of fifteen dollars.

Persons desiring of obtaining shares may be furnished with every information by applying to the Secretary, at the company's office, in New Westminster.

The company have engaged Mr. John Dick, a practical coal miner of many years' experience both in Scotland and Vancouver Island, to prospect and examine the locality of English Bay and Burrard Inlet. The annexed is his report:—

"To the Board of Directors of the British Columbia Coal Mining Company, Limited.

GENTLEMEN.—After a careful examination of several square miles of the country lying to the southeast of Burrard Inlet, I take pleasure in being able to state that, although owing to the general regularity and unbroken nature of the beds of strata there visible I have not been able to discover the outcroppings of any coal seam worthy of note, still there is every indication of the existence of such a seam at no great depth—say from 40 to 60 fathoms. Should my surmise prove correct there is no doubt (judging from the very trifling angle of dip and its freedom from faults and other dislocations of strata) that the field will be quite equal in extent to any yet discovered on Vancouver Island.

For the purpose of further proving the quality of the Coal and its depth from the surface, I would recommend that a series of borings be commenced at such places as, after further deliberation, I shall be prepared to point out. I am, Gentlemen,

Your obedient servant,

JOHN DICK.

NEW WESTMINSTER, SATURDAY, NOV. 18, 1865.

SHAMEFUL DISTORTION.

The press of Victoria has for some time back pursued the most abandoned course of malevolence in respect to the affairs of British Columbia. To misrepresent and distort, in every conceivable way, the acts of the Government, appears to be their chief study. Every circumstance, no matter how trivial, is eagerly seized hold of, and every passing incident construed and perverted to the one grand object of placing our laws and our officials, in the most unfavorable light before the public. The same amount of vigilance and ingenuity directed to the more honorable and patriotic work of redressing the grievances and developing the resources of their own Colony, or, in other words, attending to their own business, instead of intermeddling with ours, would earn for our contemporaries a high reputation as public journalists. The *Cariboo Sentinel*, during its ephemeral existence, came in for the big end of the "dirty work," and the peculiar talents of the person selected to conduct that career of that paper have been brought to an ignominious end, it would seem that journals of rather more pretension to respectability are determined to supply the place of the defunct *Sentinel*. In pursuance of this line of policy we find a leading article in the *Colonist* of a late date devoted to the election just held in the district of Quesnel, and the object of which is to heap upon the Executive all the disgrace attached to that really disgraceful affair. The Government is charged with keeping back the writ, curtailing the district by establishing new boundaries, and otherwise bringing official pressure to bear, and all in order to secure the return of Mr. Smith, because he is under the Executive thumb-screw, and can easily be made an obedient instrument. Nay, the article even goes the length of intimating that Executive pressure led the Chinamen to the polls! Now, although we would not desire in any way to excuse or extenuate the enormities of the really disgraceful farce enacted in the district of Quesnel, yet common honesty and fairness compel us to enter our protest against the disingenuous turn so artfully sought to be given to it by our contemporary. The election of Quesnel was just conducted on precisely the same basis, and in exactly the same way as all the other elections, at least, so far as the Government were concerned. The writ was even forwarded with more than usual dispatch after the seat became vacant, and the mode of ascertaining the wishes of the inhabitants of the district was, as usual, left in the hands of the Magistrate and the electors themselves. Had the latter chosen to prevent Chinese from voting, it was perfectly competent for them to do so. With regard to the alleged curtailing of the district by establishing new boundaries, there is certainly nothing whatever in that circumstance to justify the use which the *Colonist*, taking its cue from the dead *Sentinel*, makes of it. Upon the introduction of the present system, the boundaries of electoral districts were very loosely defined. At the first election the people of Vanwinkle considered themselves as belonging to Cariboo East, and voted in that district. At the second election they voted in Cariboo West. More than twelve months ago it was represented to the Governor: that the natural division of the two ridings of Cariboo was Cottonwood, and that by making it the boundary the East riding would comprise nearly all the mining interests, while the West riding would constitute an agricultural district. The suggestion was acted upon, and Cottonwood fixed as the boundary, at that period, and, of course, long before anybody could have possibly foreseen that an election would take place in either of these districts this year. It was undoubtedly to be regretted that by this change a number of persons, some twenty or twenty-five, we believe, have been debarred from taking part in the late election; but to charge the Government with having made the change—or, perhaps, it would be more proper to say, defining the boundaries of the districts, for it would really appear that they were not established with any degree of definiteness before—in view of the late election, and for the object hinted at, is as unjustifiable as it is contrary to fact. So

far as official influence having been used in order to secure the return of Mr. Smith is concerned, there is not a single particle of truth in it. Indeed, the only official influence that had the most remote connection with the election, was that of the Magistrate under whose direction it was carried out, and we have reason to believe that whatever influence he did bring to bear upon the contest, was used against Mr. Smith and in favor of the *Colonist's* own candidate. It will thus be seen that in his zeal to blacken the Government of this Colony, our contemporary has, to paraphrase his own language, "like many other smart dodgers, overshot the mark," and the dirt he threw at others has been spattered back upon his own face.

The circumstance of a ton of quartz rock, from a gold-bearing ledge on Williams Creek, having been exported the other day, has afforded these grievance-mongers a glorious opportunity for the indulgence of their evil propensity. The circumstance of a little difficulty having arisen in respect of the application of the gold export tax to the gold contained in the quartz, has afforded material for sensation-paragraphs in all the Victoria papers, wherein the Government are described as a shameless set of blood-suckers, &c. &c. Now, the circumstances connected with the exporting of a ton of quartz by a Mr. Evans, are simply these:—A day or two before the quartz was about to be shipped to Victoria, Mr. Evans called upon the Collector to know how he would manage about the Gold Export Ordinance in respect of some gold-bearing quartz which was en route from Williams Creek to San Francisco, for assay. That officer told Mr. Evans that it was simply his business to carry out the law, but that if he would call upon the Administrator of the Government and explain the case it would doubtless be arranged. No more was heard about it till the morning the steamer was leaving for Victoria, when Mr. Evans again presented himself before the Collector, wishing to know what was to be done. He was, of course, asked if he had acted upon the advice previously given, and arranged the matter with the head of the Executive, to which he replied that he had not. The Collector then told him that he had no power to allow the quartz to go out free, inasmuch as the law required him to collect the duty upon all gold exported, and made no provision for gold contained in quartz being exempted. Of course the difficulty arose as to the quantity of gold contained in the quartz, and the Collector expressed his willingness to allow the quartz to be exported upon Mr. Evans leaving a memorandum to the effect that he would pay the tax upon whatever gold might be extracted from the quartz at San Francisco. This, in substance, is the sum total of the "shameful" outrage committed upon Mr. Evans, by the Collector of Customs. Of course all will agree that no tax should have been collected upon the quartz, under the circumstances, and it is to be regretted that the difficulty, trifling as it was, should have occurred. But, we opine no intelligent, unprejudiced man will say that the Collector exceeded his duty. It is his business to enforce the law, not to suspend it. Doubtless it was never intended that gold contained in quartz, which was exported for the purpose of testing the quality of a ledge, should be subjected to the tax; but the Act makes no provision for such a case, and the whole blame clearly rests with Mr. Evans, who neglected to attend to the advice of the Collector, and thereby brought the trouble upon himself. We have always looked upon Mr. Evans as a highly respectable person, and if he has told his story in such a way as to justify the use made of it by the Victoria papers we shall feel very much disappointed in the man.

NEW WESTMINSTER HOUSE,

COLUMBIA STREET,

NEW WESTMINSTER, B. C.

THE Undersigned begs to an-
nounce to the public that he has
opened the above well-known
commodious establishment for
the accommodation of the tra-
veling community as well as
those resident in the city who
may desire a quiet and comfort-
able boarding-house.

The house has been thoroughly
renovated throughout, and is in
every way entitled to rank as a
first-class boarding-house.

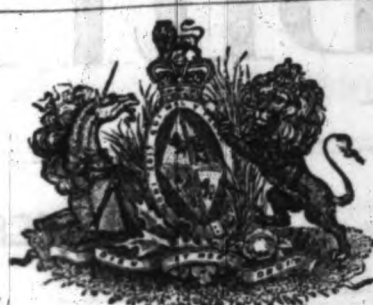

The table will be under the
management of Mrs. Evans, and
will be supplied with the very
best the market affords, and no
pains will be spared to render
guests as much at home as pos-
sible, and entitle the proprietor
to a share of the public patron-
age.

The scale of charges in the
New Westminster House will be
found extremely reasonable.

WILLIAM EVANS.

New Westminster, B. C., Nov. 1st, 1865. no1

New Advertisements.

Public Notice.

THE OFFICER administering the Government being
desirous of encouraging the construction of a
Steamboat to ply between the western extremity of
Kamloops Lake and the upper or eastern end of Shus-
wap Lake, in connection with the Wagon Road pro-
posed to be made from Ashcroft, or thereabouts, to
Savanna's Ferry on Kamloops Lake, persons wishing to
undertake this enterprise are invited to send in to the
Colonial Secretary's Office, by or before noon of Wed-
nesday, December 1st, written proposals for the above
service, in sealed envelopes addressed "Tenders for
Steamboat on Kamloops and Shuswap Lakes."

The Government contemplates granting, as an induc-
ement in aid of this undertaking, an exclusive privilege,
for a definite period of conveying freight and passen-
gers, between the above named points, at fixed rates;
the proposals hereby invited should therefore state
what schedule of fares and freights are proposed to be
charged, and for what length of time; and should fur-
ther specify the dimensions and accommodation of the
boat to be built, and her estimated steam power and
average rate of speed; as well as the number of trips to
be made by her per week, and during how many weeks
in the year; also the date at which the Steamer will be
completed and ready to make her first trip.

The Government do not bind themselves to accept
the lowest or any of the proposals that may be made in
answer to this advertisement.

By Command, HENRY M. BALL.

Colonial Secretary's Office, Nov. 3d, 1865. no8 1c

Public Notice.

SEALED TENDERS will be received at the Lands
and Works Office, New Westminster, up to noon,
on Wednesday, the 20th of December, for the construc-
tion of a Wagon Road from a point at or near Ashcroft,
on the Yale-Clinton Road, to Savanna's Ferry, at the
western extremity of Kamloops Lake.

With each tender must be enclosed a Bond of the
person tendering, and of two responsible sureties with
him, for the payment to the Government of \$500 con-
ditional on the non-fulfilment by him of the terms of
his Tender, if accepted.

The lowest or any tender not necessarily accepted.

The specifications and forms of bonds may be seen,
and further information obtained at this office after the
1st December, before which date the exact termini and
line of the proposed route will have been determined
and staked out.

Tenders to be addressed to the Chief Commissioner
of Lands and Works, and superscribed "Tenders for
Wagon Road to Kamloops Lake."

By Command, JOSEPH W. TRUTCH.

Lands and Works Dept., NEW WESTMINSTER, 3d Nov., 1865. no8 1c

IN BANKRUPTCY.

In the matter of Benjamin B. Sampson, in Bank-
ruptcy.

MATTHEW BAILLIE BEGGIE, Esquire, one of her
Majesty's Commissioners authorized to act under
a Petition for adjudication of Bankruptcy, filed in May,
1865, by Benjamin B. Sampson, of Lytton, British
Columbia, Dealer and Chapman, will sit on the 22nd
day of November, 1865, at 11 o'clock precisely, at the
Court House, New Westminster, B. C., in order to pro-
ceed to the choice of an Assignee or Assignees of the
Estate and Effects of the said Bankrupt; and where
the Creditors who have not already proved their debts
are to come prepared to prove the same, and with those
who have already proved their debts, vote in such
choice accordingly.

BOOK-KEEPING AND WRITING!

CITIZENS of New Westminster and vicinity, are
notified of my present intention to make New
Westminster my home, so long as I receive patronage
sufficient for a livelihood.

Book-keeping, properly done, should show a true
account of one's business, as a mirror shows a true
picture of man's physiognomy. Such I propose to do
by a simple and plain mode of Double-Entry Book-
keeping, which is the only true and correct way to keep
a set of books. It will answer the Farmer, the Merchant,
and the Tradesman as well as the Mechanic.

Persons wishing books opened, kept or posted—either
by Single or Double-Entry, accounts made out, docu-
ments copied, together with such other writing as may be
desired, would do well to try the undersigned, at his
office, the second door north of the Columbia Hotel.

Instructions given either in Single or Double-Entry
Book-keeping.

Important to Business Men in Victoria, California, Portland, and Places on the Sound!

This Journal is the oldest newspaper published in British Columbia. It is read by every business man from New Westminster to the Rocky Mountains, and is unrivalled as an advertising medium for this Colony. S. B. RUSSELL, in Victoria, and L. F. FARMER, in San Francisco, are our authorized Agents.

The British Columbian.

NEW WESTMINSTER, SATURDAY, NOV. 18, 1865.

LATER FROM CARIBOO.

From Mr. Allan, who left Cariboo on the 5th, and Mr. Rankin, who left on the 4th, we have obtained the following items of news:—The weather on Williams Creek had moderated; the snow had nearly disappeared, and rain was falling on the 4th. Most of the wheels were going, and the claims yielding much as usual. The following are the principal claims at work: Australian, Wake-up-Jake, Hit-or-Miss, What-Cheer, Davis, Watson, Last Chance, Forest Rose, Cameron, Baby, Confederate, Dead-Broke, Prince of Wales. In the last named claim a strata of gravel, twenty feet from the bed-rock, was paying 20 ounces a day. In Conklin's Gulch a company of 12 men were running a tunnel during the winter, at which they expect to work during the winter. A company had struck good diggings about 20 feet from the bed-rock, in ground adjoining the What-Cheer claim, paying an ounce a day to the hand. In McArthur's Gulch the old Stobo Co. had struck good pay in a tunnel. The Barker, Diller, Canadian, Baldhead, Sheepskin, Wake-up-Jake, Welsh and Cariboo Companies have combined for the purpose of continuing the bed-rock drain from its present terminus through their claims, being a distance of about 1400 feet. This work will be carried on during the winter. Capt. Evans has taken the contract for cutting the balance of the bed-rock flume—about 800 feet—at \$18 per foot. The figure is considered very low. The discovery quartz claim on Bald Mountain is believed to be a good thing. It is stated that a small sample, a few pounds of quartz, sent to San Francisco some time ago, assayed at the rate of over \$2,500 to the ton. Markets are much the same as at last quotations. Flour, 28 to 30c.; Bacon, 62c.; Beef, 25 to 30c.; Mutton, 30c.; Sugar, 50c.; Rice, 50 to 60c.; Soap, 62c.; Tea, \$1 to \$2; Coffee, green, 62 to 75c.; Roasted do., \$1 to \$1 25; Butter, \$1; Eggs, \$1 50 to \$2; Onions, 50c.; Potatoes and other vegetables from 8 to 10c., and in abundant supply. Wages, \$7 to \$8 a day. There was tolerable sleighing out as far as Vanwinkle; from there to Quenelmouth part of the road was very bad. Peterson, one of the men who was suspected to be connected with the murder of Morgan, had been arrested at Quenelmouth. The inquest on the body of Morgan was to have been held the day after our informants passed. The body was lying where found, wrapped in deceased's blankets, and otherwise unprotected. Mr. Rankin informs us that he looked at the body; and that the birds had picked the eyes out and otherwise mutilated the features. This would appear to indicate shocking negligence somewhere, and should be enquired into by the authorities. The freshet had carried away the bridge at Boston Bar, and caused a number of very bad land slides, on the road, rendering traveling tedious and difficult. The mountain torrents were everywhere swollen to unusual dimensions, causing foaming cataracts down the mountain sides. The snow was rapidly approaching the base of the mountains, and at Yale snow was falling on Thursday morning, and the weather was becoming cold and disagreeable.

THE CLOSE OF THE CIRCUIT—PAUCITY OF CRIME.—On arriving at Kootenay Judge Begbie found an empty jail and a clear docket—not a single case, either civil or criminal, awaiting adjudication. Three rascals had been under arrest for passing "spelter" for gold dust; but they got tired of waiting, and left one fine Sunday morning for Uncle Sam's dominions, having first taken the precaution to turn the key upon the keeper, who was washing himself in one of the cells, while they had the unrestricted use of the outer room. One of them, a notorious scamp, has, we believe, since been hanged by the Vigilance Committee of the neighboring Territory. Returning to Lytton the Judge found three criminals anxiously awaiting his arrival—the two Chinese sent from Lillooet upon the charge of having murdered their partner, and an Indian for murder committed near Kamloops. The Celestial criminals were found guilty of murder with a recommendation to mercy, based upon the belief that they were attacked by the man they killed, as indicated by the garments which they wore at the time, and wounds upon their persons. They now lie in jail here awaiting Royal clemency, which will probably substitute a short term of penal servitude for hanging. The Indian was found guilty of murder and sentenced to be executed, a process which will doubtless take place in due time, and to which the red-skin appears perfectly resigned. Proceeding on to Yale the Court found no work to engage its attention, save one case of bankruptcy. Coming on to the Capital, the calendar is extremely light, and will very likely be disposed of in a day or two. In a Colony like this, where the outlawed of surrounding countries is supposed to concentrate, the paucity of crime is something very remarkable.

COMPLIMENTARY BALL AND SOIREE.—A committee of gentlemen have made arrangements for giving a Complimentary Ball and Soiree to Mrs. Nunn, on Monday evening next, at Webster's stone buildings. The New Westminster String Band have kindly volunteered their services, and arrangements have been made which will render the re-union agreeable to all. We commend the object to the favorable consideration of the public.

To the Editor of the British Columbian.

SIR:—I am not the only rate-payer in this much abused "city of stumps" who would like to know what has become of the £2,500 granted by the Legislative Council during the last session for city improvements. Surely the Government have not been frightened out of expending the grant by the hue and cry raised on Williams Creek through the medium of that little snarling cur called the *Sentinel*. If our Executive can be influenced or intimidated by such means as that, it will only prove their unfitness to direct the affairs of the Colony. You showed very clearly some time ago that the Colonial Treasury is a heavy debtor to this city, and there ought to be no hesitancy in the matter of expending the small pittance doled out to us. The fact of the matter is, the people of New Westminster have submitted far too long and too uncomplainingly to a policy calculated to discourage the actual settler, and pander to a popular cry which really has its origin in another Colony. What the people of Victoria would desire is that the revenue of this Colony should be expended in opening up roads to the mines, paying for their light-houses, subsidizing steamers to run to their port, and the like; but whenever a dollar is spent for any object calculated to build up a town, or retain the population in this Colony, or promote the raising of the necessary supplies for the mining community, it at once provokes their hostile opposition. To this feeling we charge the Government with having given way far too much. They must take a firm stand on the side of permanent interest, and not be frightened from the true policy by any petty agitation. But, I had well nigh forgotten my text. What about the legislative grant? Is it to be spent, or has it been spent, or what has become of it? A more opportune time for giving out work could not be hit upon. There are considerable numbers of miners coming down who want work badly, and if they cannot succeed in getting it here, the probability is that they will be lost to the Colony, as there is no chance of getting employment in the neighboring Colony. The Government would, therefore, be discharging a double duty by expending the grant now.

ENQUIRER.

[We believe a little less than one-fourth of the grant to the city has been expended, the balance being still unaccounted for. We quite agree with our correspondent as to the desirability of having the remainder expended now, when the labor it would employ would undoubtedly have a tendency to keep people in the Colony, and help them to return to the diggings in the spring. We would, therefore, respectfully urge upon the Executive the considerations involved in this view of the subject.—Ed.]

THE PRESBYTERIAN FESTIVAL.—The *Victoria Chronicle* says respecting the Annual Festival held in Victoria on Thursday evening, in connection with the Presbyterian Church of that city:—"The Annual Tea Meeting of the Presbyterian Church last evening, held in the largest hall in the city (Buckley's) was a brilliant success. The place was crowded to overflowing; the refreshments were in the best style, by the ladies of Victoria, who were numerous and represented on the occasion. His Excellency the Governor, Chief Justice Needham, Hon. Allen Francis, U. S. Consul, and many other prominent gentlemen were on or around the platform. Judge Cameron presided. Among the speeches, those of the Rev. Mr. Somerville, Pastor of the Church, His Excellency the Governor, and Chief Justice Needham were most audible throughout the large hall, and commanded attention. Dr. Evans made a short and appropriate address. The speech of the Chief Justice was most pregnant and powerful, exhibiting a most Catholic spirit and great oratorical energy. D. M. Lang, Esq., and His Worship the Mayor, Lunley Franklin, made very pleasing speeches, and were cheered warmly. Rev. Mr. Duff also addressed the meeting with considerable effect.

An apology, accompanied by a \$10 donation, was read from Mrs. Kennedy, who was unavoidably absent. There were at least five hundred persons present, most of whom were a standing argument in favor of the erection of a larger public hall. The decoration and lighting were very creditable. We counted no less than eighty lamps lighted at one time, which, with the dazzling light of lovely eyes throughout the room, the staid lustre from the "lights of the world" on the platform, and the flash of wit from the speakers, tended to make the scene radiant. The usual vote of thanks and the National Anthem concluded the exercises."

FROM PUGET SOUND.—The schooner General Harney, Capt. Roeder, arrived on Thursday from Puget Sound, with a cargo of hay for the Collins' Telegraph Company. Capt. Roeder reports having seen Townsend, the skeddaddler, crossing over to Port Townsend in a canoe.

A PRETTY SIGHT.—We had an opportunity of seeing a lot of the prettiest bars of gold in the Government Assay Office we have ever looked upon. They were nineteen in number, ranging from \$9,000 downwards, mostly belonging to the Bank of British Columbia. The amount of gold assayed here this week exceeds \$160,000.

FROM YALE.—The steamer Lillooet, Capt. Fleming, arrived from Yale on Thursday evening, bringing 82 passengers and considerable treasure. She left again for Yale early yesterday morning. The steamer Onward also arrived from Yale last evening, with 140 passengers and a Cariboo Express.

TO SCOTCHMEN.—It will be seen by reference to our advertising columns that a special meeting of St. Andrew's Society will be held on Monday night for the purpose of making arrangements for a dinner on St. Andrew's Day.

THE ASHCROFT FALL RACES.—We are in receipt of a report of these races, which we are compelled to lay over till Wednesday, owing to the pressure upon our space.

MARTIN RICARD'S LAMENT.—We observe that Martin Ricard, whose gold was confiscated here a week ago, for evasion of the law, is out in the *Chronicle* with a doleful lamentation, in the course of which he asserts in substance, that he handed his treasure (about \$1,000) to a clootchnan, to go aboard the Victoria steamer while he went to the Custom House to pay the duty and get his permit, and that when he was going on board he found, to his surprise, that the woman was stopped and the gold dust taken from her because she had no permit to show for it. Unfortunately for Martin his facts are all wrong. In the first place, why send the gold on board concealed under the clothes of a clootchnan before the duty was paid? In the second place it was proved in Court that Martin did not attempt to go near the Custom House till warned by a confederate that the clootchnan was arrested, when he rushed to the Custom House and took out a permit, with the hope of giving the transaction a plausible turn. Martin has no right to complain. In an attempt to outwit the authorities and defraud the revenue he was outwitted himself, and lost his gold and "there's an end o' it."

FROM VICTORIA.—The steamer Enterprise, Captain Mount, arrived from Victoria last evening with a small freight and a few passengers. She also brought out usual files of Victoria papers, which, however, contain nothing of interest. Mr. Copland's petition against the return of Mr. Franklin had been dismissed, and the election of Mr. Francis had been declared void.

STILL DOWN.—The telegraph wires being still down, we are unable to lay any late news before our readers to-day.

LATER FROM LILLOOET.—We have advices from Lillooet to the 14th inst. On the 13th Mr. Barr, of Barr & Tesch, was drowned while crossing Cayoosh Creek, which had been swollen by late rains. Bridge River mines were attracting population from Cariboo. A company had been formed for the purpose of fluming the river, six miles above the bridge.

A JAPANESE NEWSPAPER.—We have before us a copy of a newspaper published in Yokohama, Japan, called *The Japan Herald*, dated 23d July last. The paper is well printed, and well filled with advertisements, shipping intelligence and general news, much after the fashion of more civilized countries. The most striking feature of the paper is a report of the proceedings of Municipal Council of Yokohama, wherein is detailed the doings of that Civic body in the regular old style. The meetings of the Council are held at H. B. Majesty's Consular Court Room, and the Council is, we presume, organized for the better regulating the affairs of the European community there.

AUSTRALIA.—We have copies of the *Lyttelton Times*, from which it would appear that Professor Bushell, who visited this Colony two or three years ago, is lecturing upon electro-magnetism. It is stated that Sir George Grey, Governor of New Zealand, would pay a visit to his old seat of Government, in South Australia, on his way to England.

GOOD NEWS.—In order to meet the hard times, Mr. Bullock is now offering a very large selection of Clothing, Dry Goods, &c., at most reduced rates. We observed about a hundred Cheviot Tweed suits, worth from \$18 to \$20 a suit, offered at \$11.75 and \$12.50 the suit; also a lot of pants from \$2 to \$5 per pair. All wool Baltic Shirts at \$2. The assortment of ladies' apparel is most complete and respectable. We advise our friends to call and inspect for themselves.

COMFORTING REFLECTION.—In these Apocalyptic days, when Thrones are tottering and kingdoms crumbling to dust—when the "Beast" is lifting its seven heads and ten horns in Europe, and wagging its "Fenian" tail in America—when Victoria is "caving in" and Cariboo is "played out," it is a comforting reflection that goods are prettier and cheaper than ever at J. S. Clute's.

In Chambers,
The Chancellor

Between
DUGALD McLEAN, the younger,
Plaintiff,
and
DUNCAN McPHAIL, Plaintiff,
Defendant.

Upon the application of the Plaintiff, and it appearing by affidavits that after due diligence the said Defendant, Dugald McLean, the younger, cannot be found to be served with an office copy of the bill in this cause; it is ordered that the said Defendant, Dugald McLean, the younger, do on or before the thirtieth day of December next, answer or demur to the said bill; and it is ordered that a copy of this order, together with the notice required by the General Orders of this Court, be published in the *Colonialist* Newspaper, published in New Westminster, British Columbia, not less than six weeks before the thirtieth day of December next, and to be continued once in each week until the said day. And it is further ordered that a copy of this order and a copy of the bill of complaint herein be served upon Dugald McLean, the elder, of the Township of Alderbrook, in the County of Elgin, the father of the said Defendant, within one calendar month from this date.

(Signed) A. GRANT, Registrar.

To the above named Dugald McLean, the younger:
Take notice that if you do not answer or demur to the bill pursuant to the above order, the plaintiff may obtain an order to take the bill as confessed against you and the Court may grant the plaintiff such relief as he may be entitled to on his own showing, and you will not receive any further notice of the future proceedings in the cause. PUBLIC LIBRARY

NEW WESTMINSTER.

BOARD OF DIRECTORS.

HIS EXCELLENCY THE GOVERNOR,

The Hon. The Colonial Secretary,

The Hon. The Attorney-General,

The Hon. The Surveyor-General,

The Hon. J. A. R. Homer,

The President of the Municipal Council.

Terms of Subscription, \$5 per annum or \$1 per month for the use of the Reading Room; \$5 per annum, or \$1 per mensem, for the privilege of using the Circulating Library.

A large addition of Books, by the best authors, has been made to the Circulating Library, and Telegrams will be received and posted in the Reading Room regularly.

A collection of ores, minerals and gold dust will shortly be placed in the Library, and as it is the wish of the Board of Directors to commence forming a Museum of the products and curiosities of the country, anybody who will present the Library with either will confer a great favor upon the Institution.

The Library will be open during the week from 10 a.m. to 10 p.m., and on Sundays from 2 p.m. to 9 p.m.

BURRARD INLET

LUMBER MILLS.

A. P. MOODY & CO., - Proprietors,
New Westminster.

AGENTS IN VICTORIA:
FICKETT & CO., - Wharf-street.

THESE MILLS are prepared to furnish cargoes of FIR, SPRUCE and CEDAR LUMBER, Tongued and Grooved Flooring, Spars, Piles, Shingles, Laths and Pickets at the shortest notice.

The access to the Mills is up the Gulf of Georgia to English Bay; thence up the Inlet. The anchorage in the bay is safe in all weather. The Inlet is perfectly land-locked, with plenty of water at all times for the largest class vessels.

Vessels loading at these Mills will have every facility for loading. The quality of Lumber is superior to any on the Pacific Coast, and can be furnished to any length up to 80 feet. There is a deputy Collector at the Mills to enter and clear vessels.

A Lumber Yard has been opened on Front Street, New Westminster, where a complete assortment of choice lumber will be found.

For further particulars apply to Mr. W. B. Wilson, Columbia Street. j18 to

THE INVALID'S FRIEND.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous is a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of these Pills every night; eat plenty of solids, and avoid the use of sweets. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing, and refreshing secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they are afflicted with stone or gravel, or with acids and passed in the urine, or the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

The Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasms—in that they never fail in curing all disorders of liver & stomach.

Bronchitis, Diphtheria, Coughs, Colds.

No diseases affecting these organs, whether they secrete too much or too little water; or whether they are afflicted with stone or gravel, or with acids and passed in the urine, or the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Debilitated Constitutions.

In cases of debility, languor and nervousness, produced by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigour.

Biliousness, Loss of Appetite, Head-ache and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache, and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities	Retention of Urine
Asthma	Fever of all kinds	Scurvy, or King's Evil
Bilious Complaints	Fits	Sore Throat
Blotches on the skin	Gout	Stone and Gravel
Bowel Complaints	Head-ache	Secondary Syphilis
Cold	Indigestion	The Douloureux
Constipation of the bowels	Inflammation	Tumours
Consumption	Jundice	Ulcers
Debility	Liver Complaints	Venerical Affections
Dropsy	Lumbago	Worms of all kinds
Dysentery	Piles	Weakness, from whatever cause
Erysipelas	Rheumatism	&c., &c.

Sold at the establishment of PROPRIETOR HOLLOWAY, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in medicines throughout the civilised world, at the following prices:—Sole 1/6, 2s. 9d., 4s. 6d., 11s., 22s., and 35s. each Box.

* There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.
